

# Hatred In My Soul

## Primal Fear

They've been hunting me  
They have prisoned me  
The put torture on my mind  
Down in this dark hole, every night alone  
A place where generations died Ain't dead yet, I'm still alive  
They gonna pay the price  
Hatred in my soul  
I'm a beast come feel my anger  
Take my vengeance  
And I swear to my self, I'm gonna get you  
You gonna pay for your crime Voices in my ears, crying out in fear  
It's the point of no return  
Ain't dead yet, I'm still alive  
They gonna pay the price Hatred in my soul  
I'm a beast come feel my anger  
Take my vengeance  
And I swear to my self, I'm gonna get you  
You gonna pay for your crime Just out of hand  
In this god damned land  
Now this place is gonna burn  
Ain't dead yet, I'm still alive  
They gonna pay the price Hatred in my soul  
I'm a beast come feel my anger  
Take my vengeance  
And I swear to my self, I'm gonna get you  
You gonna pay for your crime
