Howard Beach

Biohazard

Total uproar, media explodes
Inter-racial violence totally unloads
Not from the streets speak naivetees
Urban youth repeat it's just realityHoward Beach
Howard Beach
Howard BeachMedia raging, a battle of TV ratings
Jackass bureaucracy fuels the fire of hating
Unfortunate happening of a young man's death
Creating racial tension with every breathHoward Beach
Howard Beach
Howard BeachMedia bullshitNext time you put on the TV screen
And the man is preaching about shit he's never seen
Change the channel and ignore the fool
Get out in the streets then you go to schoolHoward Beach
Howard Beach
Howard Beach
Howard
