

# Old Fashioned Love

[Shaimus](#)

Old fashioned love, you stole my heart again, again  
Old fashioned love, I miss the way it's been, it's been  
Do you feel alone  
Or is it just me  
Who's on my own  
Old fashioned love, you led me on back then, why not again  
Do you feel alone  
Or is it just me  
Who's on my own  
Old fashioned love, you broke my heart back then, please not again  
Please, please, not again  
Don't break my heart, no, not again  
You broke my heart, broke my heart  
Not again, not again  
Old fashioned love
