Radiation Vibe

[Fountains Of Wayne](#)

Are you alone now?
Did you lose the monkey?
He gave you backaches
And now you slouchHe didn't mean it
He's just a dumb ape
Reading playboy
On your couchAnd now it's time to say
What I forgot to sayBaby, baby, baby
Come on, what's wrong?
It's a radiation vibe I'm grooving on
Don't it make you want to get some sun?
Shine on, shine on, shine onI went to Pittsburgh
And joined a pro team
Talk about a bad dream
I broke a kneeBut I can still croon
And make the girls swoon
Isn't the way life's
Supposed to beBut now it's time to say
What I forgot to sayBaby, baby, baby
Come on, what's wrong?
It's a radiation vibe I'm grooving on
Don't it make you want to get some sun?
Shine on, shine on, shine on
Shine on, shine on, shine onAnd now it's time to say
What I forgot to sayBaby, baby, baby
Come on, what's wrong?
It's a radiation vibe I'm grooving on
Don't it make you want to get some sun?
Shine on, shine on, shine onBaby, baby, baby
Come on, what's wrong?
It's a radiation vibe I'm grooving on
Don't it make you want to get some sun?
Shine on, shine on, shine onShine on, shine on, shine on
Shine on, shine on, shine on
