Slushy

The Vaselines

Long brown hair, eyes of green
Prettiest girl, I've ever seen
And you'll never miss what you've never had
Oh, you'll never miss what you've never had
Long brown hair, eyes of gray
Tried and tried to stay away
But you'll never miss what you never had
Oh, you'll never miss what you never had
I do, I do
I really miss you
And if I'd only asked your name again
Long brown hair, eyes of green
Prettiest girl, I've ever seen
And you'll never miss what you've never had
Oh, you'll never miss what you've never had
Long brown hair, eyes of gray
Tried and tried to stay away
But you'll never miss what you never had
Oh, you'll never miss what you never had
I do, I do
I really miss you
And if I'd only asked your name again
