

# Can't Stop Now (Love Is Calling)

Tammi Terrell

Ooo feelin', baby, runnin' through me  
That lovin' feelin', baby, really got to me & I...CHORUS:  
Can't stop now, his sweet love is callin' & I  
Can't stop now, deep inside I know I'm fallin'I've taken the first step toward his love & affection  
Now all the best in happiness just lead in his direction  
But somethin' inside me tells me I'm fallin' too fast  
Tellin' me only fools rush in & his love might not last, but I...(chorus)Now as he holds me tight, to him I give  
my heart & soul  
Filled with a growing love inside that's too big to control  
What future lies before me I am not aware  
As long as he holds me tight, the outcome I don't care, 'cause I...(chorus)I got this feelin' the first time that I  
met him  
& it keeps growin' stronger & I just can't forget him  
Love instantly came over me when he first held me tight  
I couldn't resist his tempting kiss, too weak to try & fight  
Such a wonderful feelin' swept through my grateful heart  
I'm feelin' fine & lovin' time, it's about to start, & I...(chorus)(repeat & fade):  
Oooo this feelin', baby, is growin' strong  
Can't resist this lovin' feelin' any longerJust Too Much To Hope For
