Love Sublime

Tensnake

Did you perfume in the dark?
Falling far from what you thought
When you'll wonder if we had
All in all the reasons stopDon't wake me
I feel it
Our love sublime
Chemistry
Are you drawn to me?
Our love sublimeKeep your rhythm in the dark
Whispering words inside my head
Spoke that fire till it's starts
Scheming thoughts of what you saidYou'll hear me sayDon't wake me
I feel it
Our love sublime
Chemistry
Are you drawn to me?
Our love sublimeDon't wake me
I feel it
Our love sublime
Chemistry
Are you drawn to me?
Our love sublimeOur love sublime
Our love sublimeDon't wake me
I feel it
Our love sublime
Chemistry
Are you drawn to me?
Our love sublimeOur love sublime
Our love sublime
