Her lips, her tongue, her mouth the bomb

The award for best mouth I swear she won

The way she chew with her gums, feel like she ain't got no teeth

68 I owe her one, at 204 I owe her 3(turn up)

That mouf, that mouf

I swear I fuckin love her mouf

Let her kiss me on my head

Never kiss me in my mouf

Crazy brain, smarty mouf

Stupid dumb retarded mouf

Her jaws so tight, her neck so right

She got that party mouf

She a real cool chick, I fuck with her she dont run her mouf

Keep my name up out her mouf, can't keep my thing up out her mouf

Met her up north, keep her south, something bout' her mouf

Put me to sleep, can't feel my feet

Whenever she give me that mouf

Her boyfriend got her spoiled, takin trips to Bora Bora

But I treat her like a whore, she suckin dick from 2 - 4

And my top it drop, my boobies out

She super stout with super mouf

Recruit her mouth, salute her mouf

Im in and out all through her mouf

She suckin dick all through the house

She slobbin like a pooter mouf
I choose her mouth, abuse her mouf
But never do I refuse her mouf
She eat a dick,I swear the bitch she got a barracuda mouf
Head so good a lame nigga might empty out his bank account
