Amy

Tracer Bullet

Set on this girl and I just can't show it.
I'm taking my time 'cause I don't wanna blow it,
But I can't get her out of my mind.
She looks one way and I look another.
All my friends say "Please, don't bother."
But I can't see the truth when I'm blind.
I know it's real
The older that I get,
The less that I regret,
And baby, it's 'cause of you.
Since the day we met,
You know I won't forget,
That baby, my Amy's true.
Oh Amy, A-A-Amy
You've changed my life.
Oh Amy, A-A-Amy
You make everything
Alright
A-A-Amy
She smiles like a new sunrise.
Her funny laugh was so surprising,
But I can't get her off of my mind.
She lights up a room like a full moon shinin'.
I try to look cool,
But she's not buying it
'Cause girls like these are so hard to find.
I know it's real
The older that I get,

The less that I regret,
And baby, it's 'cause of you.
Since the day we met,
You know I won't forget,
That baby, my Amy's true.
Oh Amy, A-A-Amy
You've changed my life.
Oh Amy, A-A-Amy
You make everything
Alright

Now I've made up my mind,
And I'll move mountains to be with you.
I'm done taking my time,
And in the end,
I always knew
(Always knew)
Always knew
The older that I get,
The less that I regret,
And baby, it's 'cause of you.
Since the day we met,
You know I won't forget,
That baby, my Amy's true.
Oh Amy, A-A-Amy
You make everything alright.
Oh Amy, A-A-Amy
You've changed my life.
Amy, A-A-Amy
You make everything
Alright
