

Facility Girls

Soft Cell

She's a secretary in the daytime
A modern Venus
On the eighth floorShe's a secretary in the daytime
A bright young thing
With a promising careerShe's got the ability
She's got the facilities
She's got the ability
She's got the facilitiesShe's a secretary in the daytime
A model beauty
At the typewriterShe's a secretary in the daytime
A smile at the boss
And she's doing fineShe's got the ability
She's got the facilities
She's got the ability
She's got the facilitiesShe's a secretary in the daytime
She's a secretary in the daytime
