

# Another Time

## Sagittarius

Writers: leo sayer & david courtney  
Another time, love  
You know I can't quite recognise your face, love  
Although I feel I know you from someplace, love  
Another time, love -- but not now  
Another face, love  
I'm sure I know the voice, but not the face, love  
I know you think I know you but then you're wrong, love  
I don't know, love, who I am  
Y'see I'm lost...  
And I don't know who I am  
Another town, love  
Tomorrow night I play another town, love  
The show keeps rolling on and so it goes, love  
I don't know, love where I'm bound  
I must be going now  
I'm sorry I'm unsure  
I must be going now  
Maybe we'll meet again  
Another time, love -- another town -- another place  
Y'see I'm lost  
And I don't know who I am
