

# The End of Me

[\*\*Andrea Hamilton\*\*](#)

Verse 1:

In all your wonder  
You shine above me now  
And I am silenced

Seeing all I'm not in the light of who You are, You are Chorus:

You are holy, captivating  
Trembling I believe  
Before Your glory I surrender  
Every part of me

In Your grace I see this is the end of me Interlude Verse 2:

God full of beauty  
And purest majesty  
Your wonders astound me

And all I want is to see You for Who You are, You are Chorus Bridge:

Face down  
I give it all to You  
Overwhelmed  
What else can I do Chorus
