

# I Keep Going

## Gentleman

Oh yes, here I am  
Still around, still alive  
Stil a make music  
Dem still can't refuse itStepping out again now mi more than ready  
There is a lot to do I man got to keep it steady  
Tour round the globe another passport done already  
None a done out there none can't disturb mi mediLong time I've been around  
Knowing that those empathy barrels  
A make the most sound  
Me see seh that dem can't hold me down  
Even though the burden is heavy it's more than ten pound  
(On and on) I keep going and there ain't no stopping  
(On and on and on) When badmind and dem friends keep yappin'  
(On and on and on) I keep going and there ain't no stopping  
(On and on and on) Because the righteous won't be forgottenI'm still burning the fire can't out  
Gwaan still a gwaan me still a travel the road  
See dem a perplex fi flex so dem a run off dem mouth  
Man a vessel man a warrior man ago break dem barrier  
Leaving frustration just love me a vote  
Life too short time fi switch into another mode  
Writing this song about believe and hope  
And through the darkest of days  
How we travelling the steepest slope  
Come make we stand up and shout it out loud  
Strive fi the better this is what love's about  
Justice and equality man haffi promote  
Everyone a figure out  
(On and on and on) I keep going and there ain't no stopping  
(On and on and on) When badmind and dem friends keep yappin'  
(On and on and on) I keep going and there ain't no stopping  
(On and on and on) Because the righteous won't be forgottenOne two three four five this is album number six  
Seven days a week of studio time before the mix  
Another eight bars done me have another verse fix  
Nine hours of promotion no time fi tricks  
Me know seh some of dem tired fi see me face again  
Nuff a dem want see me back upon the stage again  
So me turn another page again  
Facing another challenge it's a new age again(On and on and on) I keep going and there ain't no stopping  
(On and on and on) When badmind and dem friends keep yappin'

(On and on and on) I keep going and there ain't no stopping  
(On and on and on) Because the righteous won't be forgotten
