

Our Love Will Come

qanda

We escaped the sadness of the city
To a golden field in purple light
Warm and fresh as flannel suits
Drinking of each drop of dew
Like twenty-somethings taste their wine
Now that I've seen beauty, wild and blowing
Dancing to the mambo in your name
In that place where we once kissed
Where only you and I exist
Don't you worry angel one
One day soon our love will come
Once I left you billowing white
Across the sea of tears we cried
Don't you worry angel one
One day soon our love will come
Nos escapamos de la tristeza de la ciudad
A un campo de oro en luz pÃ³rpura
Frescos y calientes como trajes de franela
Bebiendo de cada gota de rocÃ­o
Como veinte aÃ±eros degustan su vino
Y ahora que he visto la belleza salvaje que sopla
Bailando el mambo dentro de tu nombre
En ese lugar donde nos besamos una vez
Donde solo tÃ© y yo existimos
Once I left you billowing white
Across the sea of tears we cried
Don't you worry angel one
One day soon our love will come
