Behold I Come

Culture

I was travelling up the mountains one day,
And suddenly I heard,
A voice come to I and I say'ay,
Behold I come come quickly,
To pay every man,
According the work shall be here.

And I know.. that it was the voice,
The voice of The Most High..
And I know.. yes I know,
That it was the voice,
The voice of The Most High..
He said behold,
Behold.. I come quickly, (hear what he say to one an'all)
Say behold..
Behold.. I come quickly.

(..)

This world is like a mirror,
Reflected in what yu do,
And if yu face it smiling,
Will smile right back to you..
So do one to others,
As you will'ave them too,
So that your days,
Will be many many ears much longer.

And I know.. that it was the voice,
The voice of The Most High..
And I know.. yes I know,
That it was the voice,
The voice of The Most High..
He said behold,
Behold.. I come quickly, (hear what he say to one an'all)
Say behold..
Behold.. I come quickly..
