Play Dead

Calla

Send your love as an inside joke x2
Say and send it

Playing dead just to keep my head x2

Don't get up, I can find my way x2
My own way out

All I know is you're moving too slow x3
It's all I know

All I know is you're moving too slow x3
It's all I know

I thought it, I said it
I thought you set me up
I thought it, I said it
I know you set me up
