

Little Rich Boy

Asia

Don't read Marx
He's a clean cut guy
Just the dream
On a TV eye If you swim
In the dark
You lose a hand
When you feed the shark Little rich boy
She's gonna find you
Little rich boy, yeah Little rich boy
Those claws will blind you
Just a little rich boy She got hooks
In your veins
Feel the pleasure
Kill the pain Drop a pearl
See the dragon fly
Crack the diamond
Do you still feel high? Little rich boy
She's gonna find you
Little rich boy, yeah, yeah Little rich boy
Those claws will blind you
Just a little rich boy Hey, rich boy
It's too late, no
Real life rich boy
But you can wait Little rich boy
She's gonna find you
Little rich boy Little rich boy
Those claws will blind you
Just a little rich boy Just a little rich boy
She's gonna find you
