## The Cult

In the field of the lords  
I forget myself, with you  
Forever with you  
All stars and dust  
Protect yourself  
The truth, baby with you  
The stream of life is fading These generations fading  
Shadows with us failing  
Forever with you  
In the field of the Lord Where I forget myself, with you  
Forever with you  
All stars and dust  
Protect yourself  
Protect the truth  
Baby with you  
This dream of life is fading  
This generation's fading  
The shadows with us failing  
The truth with you  
This dream of life is fading Generation's fading  
The shadows with us failing  
With you, forever with you  
Destroy the destroyer Destroy the destroyers  
The truth is you  
This dream of life is fading Its holy truth is fading  
Wisdom spells are fading  
The truth is wrapped and death is in the field of the lords  
Will forget myself, with you  
Forever with you, forever with you  
This dream of life is fading  
These generations fading  
The shadows with us failing  
With you my love, forever with you  
Destroy the destroyer  
Destroy the destroyer  
The truth is you  
In death the truth, the truth is you  
In death the truth, the truth is you
