

I've Never Found a Girl to Love Me Like You Do

Eddie Floyd

Ain't no love, ain't no love, like my baby's love.
It's like burnin' fire, set off in my bones.
Ain't no lonely days, ain't no lonely nights.
Every little thing that she does,
You know the girl's alright.
Cause I ain't never, never, found me a girl, Love me like you do, to love me like you do. Ain't no man, ain't no
man, go a little woman like me.
You got all the lovin' baby, what a sweet girl can claim.
You're every poor boys dream, you're every poor boys dream,
More than you're every rich mans friend.
Whoa but I'm gonna give you all my money honey,
If you'll stay right there,
Cause I ain't never, never, found me a girl,
Love me like you do, to love me like you do. Cause I ain't never, never, found me a girl,
Love me like you do, to love me like you do.
