

# Locked Away (Semi-Acoustic)

## The Gathering

                  No sense at all  
                  do what you want  
                  for I will hunt you  
Until you will beLocked awayjust so what you'll  
                  be scred of me  
                  Behind my power  
I will hide all my fearsRight now you are punished  
                  for absolutely nothing  
                  And I feel so good  
                  Because once more  
I don't have to be honestWith myself  
While you're locked awayJust so you'll  
                  be scared of me  
                  behind my power  
I will hide al my fears  
It is fierce and it moves slow
