Running Away

Christy Carlson Romano

I see it happening I don't want it to
A minor set back and your flipping out stepping back
To me your everything but you got me confused
One minute you want me the next you don't
Don't you dare walk out on me
Hear me through
The one thing I'm sure of is I wanna be with you
And I don't wanna say goodbye
We owe it to our selves to give it a try
And why when I need you to stay
So we can work it out
Your running away
And when you say baby I need you I cant be without you
Then I drop my defenses and I'm fallen in fallen back
Don't you take this for granted
I'm here now and I love you to death
Cant you see I'm reaching out
And I don't wanna say goodbye
We owe it to our selves to give it a try
Why when I need you to stay
So we can work it out
Your running away

Let me in
Don't be scared
I know you feel
The way I do
And I don't wanna say goodbye
We owe it to our selves to try
Wont you tell me why oh why
Your running away
Oh baby
And I don't wanna say goodbye
We owe it to our selves to give it a try
Why when I need you to stay
So we can work it out
Your running away
And I don't wanna say goodbye
We owe it to our selves to give it a try

Why when I need you to stay
So we can work it out
Your running away
I don't wanna
I don't wanna
I don't wanna say goodbye
Ooo-ooo
