Downtown

Tegan and Sara

If you're gonna get up
You might as well get up with me
If you're going downtown
I might as well be on your wayAnd I sit all night, I sit still all night
I won't tell one soul, I won't tell one soulI just can't get it straight you see and, oh well
That distraction inside of me, oh well
I just can't get it straight you see and, oh wellIs fine by you, I am fine by you
I won't tell one soul, I won't tell one soulIf you're going downtown
Take me with you, I don't care
If I'm gonna get up, I'll just admit it
I only get up for you
If I'm going to get up, I'll just admit it
I only get up for youAnd I sit all night, I sit still all night
I won't tell one soul, I won't tell one soulIf you're going downtown, if you're going downtown
Yeah we can, yeah we can
If you're going downtown, if you're going downtown
Yeah we can, yeah we canIf you're going downtown, if you're going downtown
Yeah we can, yeah we can
If you're going downtown, if you're going downtown
Yeah we can, yeah we canAnd I sit all night, I sit still all night
(If you're going downtown, if you're going downtown)
I won't tell one soul, I won't tell one soul
(If you're going downtown)
