

# Being a Girl (Part One) (Edit)

## Mansun

Being a boy's like sucking on a lemon  
And I judge myself by the adverts I see  
My deodorant hides the real me  
These things elevate me above animals I feel like being a girl  
Being a girl  
And my life never tasted sweeter I'm so boring, my clothes want to keep  
Someone else warm, someone cooler  
Tax on cigarettes, treats my cancer  
These things elevate me above animals I feel like being a girl  
Being a girl  
And my life never tasted sweeter
