

Hush!

Golden Gate Quartet

Soon, one morning
Death comes a creeping in the room
Soon, one morning
(Old man) Death comes a creeping in the room
Soon, one morning
(Old man) Death comes a creeping in the room

Crying
O my lord, O my lord
What shall I do?
What shall I do?

Now brother won't you
Hush, hush!
Hush, hush!
Somebody's calling my name!

Hush!
Hey now, somebody's calling my name!
Good lord!

Hush, hush!
Hush, shhh!
Somebody's calling my name!

Crying
O my lord, o my lord
What shall I do?
What shall I do?

Now you may call, call
For your mother
But your mother
Can't do you no good

Well you may call
For your mother
But your mother
Can't do you no good

Well just call, call
For your mother
But your mother
Can't do you no good

Crying
O my lord, o my lord
What shall I do?
What shall I do?

Now brother won't you,
Hush, hush!
Hush, hush!
Somebody's calling my name!

Well, brother won't you
Hush!
Well, now
Somebody's calling my name!

Well, well, well just
Hush, hush!
Hush, shhh!
Somebody's calling my name!

Crying
O my lord, o my lord...
What shall I do?
