

Until the Day I Die

Jimmy Nail

What do you do when it hurts
When the kids call you names?
Nobody wants to know you
And they won't let you join in all their games
And what will you do when the man
In the moon goes away?
And leaves your little world in darkness
Hiding from the nighttime until the day
You can come to me, I'll know what to do
And if I don't, I'll pretend or I'll lie for you
But I'll be there for you, forever
Until the day I die
Right there by your side to keep you safe and warm
I'm glad to be your shelter from the storm
Yes, I'll be there for you, forever
Until the day I die
What will you do when you've grown
And flown away?
Where will the four winds take you?
Will they bring you back to me someday?
And what will you do when the one
That you love breaks your heart?
You have to pick up all the pieces
But you don't know just where to start
You can come to me, I'll know what to do
And if I don't, I'll pretend or I'll lie for you
But I'll be there for you, forever
Until the day I die
Right there by your side to catch you when you fall
And put you back together, whether with all
Yes, I'll be there for you, for always
Until the day I die
Until the day I die
I'll be there until the day I die
Until the day I die
I promise until the day I die
