Firefight

Antighost

I canâ€™t believe my eyes
This nightmare thatâ€™s come to life
What sparked the flames?
What lit the fires?
Can you put â€˜em out and save my life?

Cause I still see them at night
And I wonâ€™t say Iâ€™m alright
Until you hold me
I sleep with opened eyes
Cause Iâ€™m not ready to die

I wonâ€™t say that youâ€™re wrong
Cause theyâ€™ve been here for far too long
Iâ€•m breathing ash
Iâ€™m feeling flames
And Iâ€™ve been lying wide awake

Cause I still see them at night
And I wonâ€™t say Iâ€™m alright
Until you hold me
The sheep are spreading lies
But Iâ€™m not ready to die

Without a face who can you trust?
Itâ€™s just a reckless hit and run

Cause I still see them at night
And I wonâ€™t say Iâ€™m alright
Until we end this
Violent firefight
Cause Iâ€™m not ready to die
No Iâ€™m not ready to die
Are you ready to die?
