

Cardiac Arrest

Jag Panzer

[lyrics by Harry Conklin]If you wanna find some action then this is the place to be

 If you want hell you've got it, just ask and you shall receive

 Move aside and let me by, I'm a man who knows what he wants

Ain't nothing gonna get in my way, it's time you paid the costGonna break ya, shake ya, slide you on your back

 Use all my metal power to give you a heart attackLook into my eyes and you will see yourself inside

 I've got something for you and it's just too good to hide
