

Touch Me I'm Going To Scream Pt. 2

My Morning Jacket

If you touch me, well I just think I'll scream
'Cuz it's been so long, since someone challenged me
And made me think, about the way things are
Made me think, about the way they could be
I believe it, oh my...
Ooh my lord...ooh my lord...I don't even know why, but...

Oh, this feeling it is wonderful, don't you ever turn it off!
Oh, this feeling it is wonderful, don't you ever turn it off!

Feelings, oh my...human needs, heartbeats
I can see it, by the way you smile
I'm smiling too, I see myself in you
I am with it, oh man I am wired
Ooh my lord, ooh my lord, yeah...now I really know why

Oh, this feeling it is wonderful, don't you ever turn it off!
Oh, this feeling it is wonderful, don't you ever turn it off!
