

When the Lights Go Down

Armand van Helden

To play
You can feel the energy coming
From the people as they say When the lights go down in your town
And the band begins to play
You can feel the energy coming
From the people as they say When the lights go down in your town
And the band begins to play
You can feel the energy coming
From the people as they say When the lights go down in your town
And the band begins to play
You can feel the energy coming
From the people as they say When the lights go down in your town
And the band begins to play
You can feel the energy coming
From the people as they say When the lights go down in your town
And the band begins to play
You can feel the energy coming
From the people as they say When the lights go down in your town
And the band begins to play
You can feel the energy coming
From the people as they say When the lights go down in your town
And the band begins to play
You can feel the energy coming
From the people as they say Everybody calls him wonder kid
Everybody calls him wonder kid
Everybody calls him wonder kid
Everybody calls him wonder kid Everybody calls him wonder kid
Everybody calls him wonder kid
Everybody calls him wonder kid
Everybody calls him wonder kid Everybody calls him wonder kid
Everybody calls him wonder kid
Everybody calls him wonder kid
Everybody calls him wonder kid Everybody calls him wonder kid
He gets kicks from guitar licks When the lights go down in your town
And the band begins to play
You can feel the energy coming
From the people as they say When the lights go down in your town
And the band begins to play
You can feel the energy coming

From the people as they say
