

All Things Return at Night

Ballet School

Where is nature boy?
Where is jimmy jimmy rebel red?
I used to see your name on the readers letters page
Gentle Steven, where have you been?
Where are you John?
Too big for hugs, too old for cardigan songs
You were wrong, you were wrong I'm all or nothing at all
Why'd you wanna write your name in water?
I break you out of my heart
I sing you out of my soul
But I don't wanna let you go You're the boss, raspberry sauce
You're the boss, raspberry sauce
You'll get yours in the post Remember when you were two?
You went missing and the whole of our street
Was out looking for you
All the dads went out in cars
But when it got dark
Your mum called the police
'Oh no, oh God, where is he?'
Oh, I was not able to tell them you were hiding
Under the table with the feet and the mischief The chance and the pleasure
Are hanging by a thread
The fear of someone watching
The ghost that hid under your bed I'm all or nothing at all
Why'd you wanna write your name in water?
I break you out of my heart
I sing you out of my soul
I don't wanna let you go I know what you really are
