

Not Quite Dead

The Design

Alone
A leaky faucet is my metronome
Poverty
It brings creativity in me
Chorus:
In me, I see a light ahead
In me, I know that Im not quite dead
Instead Ill be...
Ive plateaued
Ive plateaued
Ive plateaued
Ive been put on hold
And its getting old
Its getting old
Going round in circles makes you cold
In me, I see a light ahead
In me, I know that Im not quite dead
You dont know me anymore
You dont know me anymore
Because I dont know me anymore
(Chorus)
Instead Ill be...
