

# Disillusion (Blue State Mix)

## Badly Drawn Boy

Seems you created your own illusion  
Fueled by an image of me  
Well I couldn't stay at your side  
It wouldn't be right  
A picture that I just don't see Why do you have to make it so complicated  
Can't it just be beautiful  
I don't want to stifle your flight  
I didn't mean to fall in love Always in pursuit of the perfect people  
Oh and I can see that it shows  
But there's just an innocence in you  
I wanna wring out  
I know it could be beautiful But I don't want a part of some situation  
I don't want to be in that boat  
I don't want to stifle your flight  
I didn't mean to fall in love
