

The Dark Of The Sun

Tom Petty And The Heartbreakers

In the dark of the sun
Will you save me a place?
Give me hope, give me comfort
Get me to a better place
Saw you sail across a river
Underneath Orion's sword
In your eyes there was a freedom
I had never known before
Hey yeah yeah
In the dark of the sun
We will stand together
Yeah we will stand as one
In the dark of the sun
Past my days of great confusion
Yeah past my days of wondering why

Will I sail into the heavens
Constellations in my eyes
Hey yeah yeah
In the dark of the sun
We will stand together
Yeah we will stand as one
Hey yeah yeah
In the dark of the sun
We will stand together
Yeah we will stand as one
Oh in the dark of the sun
Hey yeah yeah
In the dark of the sun
Oh in the dark of the sun
