Firestarters

South Haven

If there's a line outside we skip it,
And if the club's turned up we did it,
Me and my team, the VIP,
Like queens' been running this town for a minute,
Smiles out, all eyes on us,
Well they can look but they better not touch,
Yeah we just laugh when the boys drop cash,
Buy a round of drinks cause they talk too much,

Sugar and spice and dynamite,
We're a rebel yell on a Friday night,
Bass down low and our hands up high,

Chorus:
We're the firestarters raising the stakes,
Trailblazers making our way,
Gamechangers and we're ready to play,
Get the fire started, fire started,
We're the modern dreamers making our move,
Rule breakers with nothing to prove,
To the non-believers we're coming for you,
We're the firestarters, firestarters,

Hey, yeah, yeah-yeah,
Hey, yeah, yeah-yeah,
Hey, yeah, yeah-yeah-eah,

Momma told me be a good girl,
But the bad ones change the world,
If you wanna play nice when the rules ain't right,
Don't be surprised when you crash and burn,

Sugar and spice and dynamite,
We're a rebel yell on a Friday night,
Living out loud with our hands up high,

Chorus:
We're the firestarters raising the stakes,
Trailblazers making our way,
Gamechangers and we're ready to play,

Get the fire started, fire started,
We're the modern dreamers making our move,
Rule breakers with nothing to prove,
To the non-believers we're coming for you,
We're the firestarters, firestarters,

Hey, yeah, yeah-yeah,
Hey, yeah, yeah-yeah,
Hey, yeah, yeah-yeah-eah,

Well all the ladies in the club say hey,
And if you're hotter than the sun say hey,
If you ain't love, then still say hey,
And if you wanna light it up then I've got that flame,

Chorus:
We're the firestarters raising the stakes, (We're the firestarters)
Trailblazers making our way,
Gamechangers and we're ready to play,
Get the fire started, fire started, (Get the fire started)
We're the modern dreamers making our move, (making our move, with nothing to prove)
Rule breakers with nothing to prove,
To the non-believers we're coming for you,
We're the firestarters, firestarters, (firestarters)

Hey, yeah, yeah-yeah, (firestarters raising the stakes)
Hey, yeah, yeah-yeah, (trailblazers making our way) (we're the firestarters)
Hey, yeah, yeah-yeah-eah,(game changers and we're ready to play)

We're the firestarters, get the fire started (get the fire started)

Hey, yeah, yeah-eah,(modern dreamers making our move) (making our move)
Hey, yeah, yeah-eah, (rule breakers with nothing to prove) (with nothing to prove)
Hey, yeah, yeah-eah, (to the non-believers, we're coming for you)

We're the firestarters.
