Again

SonaOne

I got you
That's a dub
You need love
I'm the plug
I ain't done
No i ain't done this in a long time
Done with my alone time
Here we go again
That's a dub
That's a win
I ain't done this in a minute baby
Here we go again
That's a dub
That's a win
Another round now
Here we go again
That's a dub
That's a win
I ain't done this in minute baby
Here we go again
That's a dub
That's a win
Another round now
Here we go again
Told myself i won't fall again
How it end, how it began
All bout the moment, i was in the moment
Nobody around me til you got me goin gain
Yea I'm willing to cope with the change
Was feeling like rippin a hole in my brain
Drippin every drop of soul in my veins
Time is tickin don't wanna wait
Home and away, i win, but don't go on a race
I win when I'm seeing the glow on ya face
And when i get home we can go on a date
So i
wouldn't mind
Choosing time
Over money anytime i need peace of mind

If I lose it all, i don't know what'd i do
But at least i know
I got you
That's a dub
You need love
I'm the plug
I ain't done
No i ain't done this in a long time
Done with my alone time
Here we go again
That's a dub
That's a win
I ain't done this in a minute baby
Here we go again
That's a dub
That's a win
Another round now
Here we go again
That's a dub
That's a win
I ain't done this in a minute baby
Here we go again
That's a dub
That's a win
Another round now
Here we go again
Type of thing her dad don't know about
Priceless, puttin no amount
They don't get it til we show em how
I ain't stoppin til we say so
I'm like ross she my Rachel
Memories, can't erase those
I forget about em anyway, so i
Wouldn't mind
Choosing time
Over money anytime i need peace of mind
I know you ain't done this in a long time
We ain't gotta waste no time, baby
Here we go again
That's a dub
That's a win
I ain't done this in a minute baby
Here we go again
That's a dub
That's a win

I ain't done this in a minute baby
Here we go again
That's a dub
That's a win
Another round now
Here we go again
What if i, never found you
Girl, no one to hold you down
Tell me why, wouldn't i?
You know i hold you down
Now I got you
That's a dub
You need love
I'm the plug
Baby, baby, i got love for you
Here we go again
