

Swallowed Whole

Moutheater

I can feel the dawn, I can feel the earth
I can feel the livings
All around, round, round, round
All around, round, round, roundI can choose a path, I can choose a word
I can start the healing, bring it
Now now now now
Bring it now, now, nowWhispered songs inside the wind
Breathing in forgiveness
Like vibrations with no end
Feel the planet humming
What is clear far from the noise
Gets swallowed wholeI can feel the sun, I can see the sound
I can set myself right hear and
Drown, drown, drown, drown
Drown, drown, drownI can feel the rush, I could clear the clouds
I could set the needles spinning
Loud, loud, loud, loud
Loud, loud, loud, loudI can hear the crash, I can feel the pound
I can feel the current pulling
Down, down, down, down
Down, down, down, downWhispered songs inside the wind
Breathing in forgiveness
Like vibrations with no end
Feel the planet humming
What is clear far from the noise
Gets swallowed wholeWith no quiet to be found, spirit lifted off the ground
And what lies beyond the grave
Might be welcomed change and will come, come what may
With no rest in peace, until that day, yeahI can choose a path, I can choose a word
I can start the healing, bring it
Now, now, now, now
Now, now, now, nowI can feel the sun, I can be the sound
I can set myself right hear and
Drown drown drown drown
Drown drown drown drownWhispered songs inside the wind,
Breathing in forgiveness
And the chapter I've not read
