

# Craving (I Only Want What I Can't Have)

[t.A.T.u.](#)

And when I left you, I flew  
Did you fly too?  
And nakedness befell my way  
Only seen in light of day I only want what I can't have  
I only need what I don't want  
I only want what I can't have  
I only need what I don't want And creativity, it soaks my soul  
I asked not to be alone  
You don't have to ask me for my hand  
I already know where I stand I only want what I can't have  
I only need what I don't want  
I only want what I can't have  
I only need what I don't want And consequences in the future  
And feel it as now  
And now I can't feel the future  
But I can be there for you now I only want what I can't have  
I only need what I don't want  
I only want what I can't have  
I only need what I don't want I only want what I can't have  
I only want what I can't have
