

This Old Town

Blue System

Baby, I will hurt you oh, come let me alone
Heart is a heart and a home is a home
Baby, I will find you, I will get you by phone
Heart is a heart and a home is a homeIf you fool me sister, drive me mad
Under pressure, maximum sexThis old town ain't big enough, baby for the two of us
It's the end of an old love odyssey
This old town ain't big enough, baby for the two of us
I will see you, I will hold you in L.A.Baby, I will please you but you leave me alone
Heart is a heart and a home is a home
Baby, I will hate you in a danger zone
Heart is a heart and a home is a homeOh, you're so good sister, drive me mad
Under pressure, maximum sexThis old town ain't big enough, baby for the two of us
It's the end of an old love odyssey
This old town ain't big enough, baby for the two of us
I will see you, I will hold you in L.A.This old town ain't big enough, baby for the two of us
It's the end of an old love odyssey
This old town ain't big enough, baby for the two of us
I will see you, I will hold you in L.A.This old town ain't big enough, baby for the two of us
It's the end of an old love odyssey
