

Last Night

Vanessa Hudgens

All I want is to be a part of your weekend
All I need is a little bit of your time
Baby, I'm your girl and I need some attention
When you ignore me I just lose my mind
I ain't gon' bug about you going out last night
Though, baby I know that I'm the only one in your side
But please don't tell me nothin'
I don't wanna know what you did last night
I don't wanna hear that you had a good time
I don't wanna know if it was all real or a lie
I don't wanna feel like I had to be there
I don't wanna know about the other girls there
I just wanna know when you're around you're mine
I don't think that I'm being obsessive
I don't think that I'm being out of line
You got your space and I get to be selfish
You get yours baby and I get mine
I'm doing just fine as long as we see eye to eye
You with me?
And no no, ain't nothing wrong with going out
And having a good time, I don't wanna know nothin'
I don't wanna know what you did last night
I don't wanna hear that you had a good time
I don't wanna know if it was all real or a lie
I don't wanna feel like I had to be there
I don't wanna know about the other girls there
I just wanna know when you're around you're mine
I can only picture you out meeting someone new
Baby got my mind goin' wild
I know your love is true, but what's a girl to do
All I need is a sign
'Cause I get jealous, oh baby I get jealous, oh so jealous
Don't mess me up with whatever is down
I don't wanna know what you did last night
I don't wanna hear that you had a good time
I don't wanna know if it was all real or a lie
I don't wanna feel like I had to be there
I don't wanna know about the other girls there
I just wanna know when you're around you're mine
