

I'll Be Dreaming

The Pierces

Advisory - the following lyrics contain explicit language:

So I've come to this final
Conclusion, I will not wait around
For you to break my heart again
Now I understand What a fool I've been, I will forgive you but
You know I can't forget because I'll be dreaming of the nights
When I would lie awake and stare into
The light behind your eyes, I have run into
The trap you set before me, blind
And now my love cannot seem to hide And now I sit and talk through all the confusion
I cannot now remember who the hell I am
You're not the only one who created an illusion
I knew I'd find my place in time I'll be dreaming of the nights
When I would lie awake and stare into
The light behind your eyes, I have run into
The trap you set before me, blind
And now my love cannot seem to hide I'll be dreaming of the nights
When I would lie awake and stare
Into the light behind your eyes
I have run into The trap you set before me, blind
And now my love cannot seem to hide
