

Yuri_G_(La_Luna_Club_1993)

PJ Harvey

Hey there Luna I'd like to tell you
How sad am I so love sick I could die
Needing water my neck's stiff my head hurts
Been looking up all night been looking up the
Moon she's so bright
She's so bright she's so clean
I'm telling you she's everything
I'd give it all my sorry eyes
Give just everything she's got me so mesmerized Yeah I wish I was Yuri-G
It's just the things that she does to me
Yeah I wish I was Yuri-G
Been biting my memory Told by the doctor to make a figure
Needles to get her
She'll be your luna
I stuck them in real clean
I stuck them in a mile
I drew her down on me
I drew her with a smile
I'd give it all you see
I'd give my sorry eyes
Give just everything she's got me so mesmerized Yeah I wish I was Yuri-G
It's just the things that she does to me
Yeah I thought I was Yuri-G
Been biting my memory I stuck them in, I stuck them in real clean
I stuck them in a mile
I drew her down on me
I drew her with a smile
I'd give it all you see
I'd give my sorry eyes
I'd give just everything she's got me so mesmerized Yeah I wish I was Yuri-G
It's just the things that she does to me
Yeah I thought I was Yuri-G
Been biting my memory Yeah I wish I was Yuri-G
I'd let her walk all over me
Yeah I thought I was Yuri-G
Been biting my memory
Been biting my memory
Been biting my memory
