

# Underwear

## Margaret Smith

Take a life  
and hold it underwater  
Wash the hands of all these things i've done  
If the body moves inside the closet  
all we do is stare  
while shes in her underwear

All the eyes  
On every sunday paper  
Pictures of the horrid things i've done  
If i didnt act on my addictions  
then we couldnt stare  
while shes in her underwear
