

If I Could Be That

GWAR

I am angry, stupid, drunken, violent
Angry, stupid, bitter, won't be silent I am angry, stupid, drunken, violent
Angry, stupid, bitter, angry, won't be silent I wanna be something
I wanna be something
Well, I get nothing
I'm gonna be nothing If I could be that
If I could really be that
If I could be that for you If I could be that
If I could really be that
If I could be that for you I wanna be something
I wanna be something
Well, I get nothing
Well, I get nothing Don't wanna be nothing
Don't wanna be nothing
I want you If I could be that
If I could really be that
If I could be that for you Angry, stupid, drunken, violent
Angry, stupid, won't be silent I wanna be something
I wanna be something If I could be that
If I could really be that
If I could be that for you I'll huff and puff and
I'd like to blow my life down
If I could be that for you If I could be that
If I could, if I could
If I could be that for you, you Angry, stupid, bitter, violent
Angry, stupid, bitter, won't be silent Angry, stupid, bitter, violent
Angry, stupid, bitter, violent, won't be silent
I want you
