

Best Life (feat. Chance the Rapper)

Cardi B

[Intro: Chance The Rapper]

I'm living my best life, yeah, yeah

I'm living my best life

Made a couple Ms, you know (ah, huh)[Chorus: Chance The Rapper]

Said I'm living my best life, said I'm living my best life

Made a couple Ms with my best friends

Turned all my Ls into lessons

You see the whip pulling up, it's like skrrt

Dreams filling up, I'm like skrrt

I'm living my best life

It's my birthday, at least that's what I'm dressed like

[Verse 1: Cardi B]

I'm like Big Pop' mixed with 2Pac, I'm like Makaveli (yeah)

You need some Little Caesar's pizza, I be Hot & Ready (woo)

Nigga, you a pussy and a rat, you like Tom & Jerry

Nigga, you ain't ballin', you just talkin', that's that commentary (huh)

I was in the field, man, I slaved for this (yeah)

Had to talk to God, dropped down, and prayed for this

To my surprise, He replied, said, "You made for this"

I seen the car I wanted, then I went and paid for it, cash cash

Hit the Tay-K, I hit the race, hit the dash dash

That's when they came for me on Twitter with the backlash

"Cardi B is so problematic" is the hashtag

I can't believe they wanna see me lose that bad

They talkin' junk and they stink, these hoes mad trash

I'm gigglin', can't let the devil have the last laugh

Ain't no more beefin', I'm just keepin' to myself

I'm my own competition, I'm competin' with myself (brrrp)

[Chorus: Chance The Rapper]

I told y'all, I said I'm living my best life (woo)

I told y'all, I said I'm living my best life (ayy)

I made a couple Ms with my best friends

Turned all my Ls into lessons (skrrt, skrrt)

You see the whip pulling up, it's like skrrt (like skrrt)

Dreams filling up, I'm like skrrt (like skrrt)

I'm living my best life

It's my birthday, at least that's what I'm dressed like (Chance, The Rapper)[Verse 2: Chance The Rapper]

You don't like money, I can see it your eye

You don't like winning, I can see it in your tie

Better be careful with these women when you trickin', send it fly
 She count money in her sleep and she don't ever spend the night
 But she trappin' and she had to make it happen for her life
 Don't be mad because she havin' shit you had to try whole life
 We had baggage on our flight, we had badges on our asses
 You got passes in your life, you had gadgets on your bike
 God work magic, God work magic, God work magic in my life
 And that guap look like Iyanla 'cause that bag just changed my life
 Hey, y'all know good and damn well I don't want no champagne
 But can we please get some more champagne?
 Police, no Andre, G like 'Venchy
 Reach like 'Bron James, pep talk from YoncÃ©
 'Member my hands had ash like Pompeii
 Now they hold cash, won't peak like Dante[Chorus: Chance The Rapper]
 I told y'all, I said I'm living my best life
 I told y'all, I said I'm living my best life (ayy)
 I made a couple Ms with my best friends
 Turned all my Ls into lessons
 You see the whip pulling up, it's like skrrt (skrrt, skrrt, like skrrt)
 Dreams filling up, I'm like skrrt (like skrrt)
 I'm living my best life
 It's my birthday, at least that's what I'm dressed like[Verse 3: Cardi B]
 I said I never had a problem showing y'all the real me
 Hair when it's fucked up, crib when it's filthy
 Way-before-the-deal me, strip-to-pay-the-bills me
 'Fore I fixed my teeth, man, those comments used to kill me
 But never did I change, never been ashamed
 Never did I switch, story stayed the same
 I did this on my own, I made this a lane
 Y'all gotta bare with me, I been through some things
 Went from small-ass apartments to walkin' red carpets
 Pissy elevators, now every dress is tailored
 This some real-life fairy tale Cinderella shit
 I got further than them hoes said I will ever get
 And that only goes to show that only God knows
 I took pictures with BeyoncÃ©, I met Mama Knowles
 I'm the rose that came from the concrete in the Rolls
 I'm like gold, I'm life goals, man, I'm chosen, I'm floatin', ayy[Chorus: Chance The Rapper]
 I told y'all, I said I'm living my best life
 I told y'all, I said I'm living my best life (ayy)
 I made a couple Ms with my best friends
 Turned all my Ls into lessons (hey, hey, hey, hey)
 You see the whip pulling up, it's like skrrt (like skrrt)
 Dreams filling up, I'm like skrrt (like skrrt)
 I'm living my best life

It's my birthday, at least that's what I'm dressed like[Outro: Chance The Rapper]

Skrtr skrrt, going down right now

Skrtr skrrt, Jamie Foxx in your town, like

Skrtr skrrt, money piling up, man

All the blessings coming down

You don't know 'bout nothing, you don't know 'bout nothing

You don't know 'bout nothing, you don't know 'bout nothing

I told y'all, I told y'all (You don't know 'bout nothing)

I t-, I told y'all, I told y'all (You don't know 'bout nothing)

Told y'all, I t-, I told y'all (You don't know 'bout nothing)

You don't know (You don't know 'bout nothing)
