Nuisance

Grief

So here we are in the same old spot
Know that something needs to happen
But our mouths are locked
Tongue tied, closed tight, sewed shut, yup
I tried hard, but it just wouldn't come up

It's on the tip of my tongue
It's in the front of my mind
But the words were still so hard to find
Finally the reality of the things to come
Pushed me to the edge
I jumped off the cliff into the abyss as I said,

I'm not trying to be a nuisance
I just think we can do better than this
That was simply my two cents
You can, you can take it or leave it

The conversation lingered on and on and
Before I knew it night had turned to dawn and
We'll be searching for the truth in all of it, ha
Are we debating just to win the argument?

'Cause none of us want to hear about when we go wrong
This song could easily be from me to you or me to John
'Cause I have to potential to be the guiltiest
My greatest strength is also my greatest weakness

I'm not trying to be a nuisance
I just think we can do better than this
That was simply my two cents
You can, you can take it or leave it

Let's think about this path that we're taking
Let's think about this future we're creating
Let's think about this life that is fading
Think about it, come on
Think about it, now

Let's think about the time that we're spending

Investing in monetary things that are ending
Let's think about it and let's think together and
Let's think about what we can do to make it better

I'm not trying to be a nuisance
I just think we can do better than this
That was simply my two cents
You can, you can take it or leave it

We can and we will do better than this
