Killah Priest

Advisory - the following lyrics contain explicit language:

Love of my life, you are the love, of my life
You are the love in my life, my life
You are the love in my life, in my life
You are the love in my life, my life With God control, I take a photo of the globe
Like a space probe, let your tape roll to roll
My ways of life shine purple rays of light
Ways that are right take long days and night Then I enter wind, there's no interfere
No sense of care, tense at the prayer
Then we exalt like cities of Lebanese
Drop with heavenliness, must be heaven sent
Left with evidence, ever since you left Seventh prince, and the pleasant scent of sweet smells
Exhale, I'm as deep as a well
Watch Priest prevail by fear and love
Lifts off through the air like a dove above The star circuits, where Allah is perfect
It lies like an olive tree, woman follow me
Through the glazier's, just acknowledge me
We'll walk the calorie across the Sea of Galilee I give you rubies, for your beauty
You look as fine as jewelry
I chose the finest your highness
I chose the finest your highness You see my instructions, are not silver
In knowledge forever then choice gold For wisdom is better than rubies
And all the things that may be desired
Are not to be compared to it
Our wisdom, will dwell with panics You're my one and only, during our holy matrimony
Attract my homies, subtract the phonies
What it manifold, make a man explode
Love episode, give me rest when I'm old So clear and unbefouled, plus runnin' wild
Caught you as a child
Brought you under clouds never earthquakes
When I'm home from work late Never forget your birth date, I love you
Damn your understandin' have me hunger like a famine
Prepare for landin', for landin', for landin'

Abortin' the River Jordan like a RZA recordin'
Fourth disciple, bring forth the cycle
Or a tidal wave, it's like a Bible page
