

# Clash (Jupiter Remix)

## Caravan Palace

People downing in the middle of the parties again  
Getting the cool with the happy, they went fire (foyeerrrr)  
Everybody talkin' bout the power of the gospel (blame-a-buddeh)  
Getting the cool with the happy, they went fire  
People downing in the middle of the parties again  
Getting the cool with the happy, they went fire  
Everybody talkin' bout the power of the gospel  
Getting the cool with the happy, they went fire  
Seems to feel that beat you can't stop bouncing  
Why don't we keep the rhythm just how it sounds  
Now people wanna stop the frenzied happening  
But I need you to stop the sound, get it right  
People downing in the middle of the parties again  
Getting the cool with the happy, they went fire  
Everybody talkin' bout the power of the gospel  
Getting the cool with the happy, they went fire  
Seems to feel that beat you can't stop bouncing  
Why don't we keep the rhythm just how it sounds  
Now people wanna stop the frenzied happening  
But I need you to stop the sound, get it right  
Seems to feel that beat you can't stop bouncing  
Why don't we keep the rhythm just how it sounds  
Now people wanna stop the frenzied happening  
But I need you to stop the sound, get it right
