

# Make You Mine

## Gringo Star

You caught my eye  
You seemed kind of shy  
You talked so nice  
Stayed up overnight Coz I'm so hung up on you  
When we hang out still I'm gonna try  
If its something I can't do or say  
I just want to see you stay, each day Gotta show me a sign  
Oh I'm trying to make you mine  
Oh I try and I try  
Can't get you out of my mind When I'm with you  
Time moves so fast  
If you were mine  
I know it would last Coz they're ain't no other girl  
No one liked you when you were twelve  
If its something I can't do or say  
I just want to see you say Gotta show me a sign  
Oh I'm trying to make you mine  
Oh I try and I try  
Can't get you out of my mind Coz I'm so hung up on you  
When we hang out still I'm gonna try  
If its something I can't do or say  
I just want to see you say, each day Gotta show me a sign  
Oh I'm trying to make you mine  
Oh I try and I try  
Can't get you out of my mind Gotta show me  
Gotta show me
