Die for You

New Politics

She got me hooked like a psyched up junkie
A perfect dose, if you know what I mean
I ran a line like a toxic monkey
An appetite for her sweet medicine
You keep your eyes shut and you play with my mind
You let my thoughts rot and you keep them frozen in time
You seduce your victims, devour your prey
When you shoot them up, they can't escapeCHORUS:
Just look around
There's not a sound
But when it hits you
You know that you and I are lost
Beyond the rescue
So let it through
'Cause nothing matters anymore
You know I would have died for youDo you know, do you know
That I would have died
Did you know that I would have died for youShe makes my heartbeat rattle and roll
A fatal touch that stings to the bone
Just like a snake she'll poison my soul
I don't know, I don't know, I don't know what to do
You're just fueling my addiction
Fooling my predictions
Flipping my condition
You seduce your victims, devour your pray
When you shoot them up, they can't escapeCHORUS:
Just look around
There's not a sound
But when it hits you
You know that you and I are lost
Beyond the rescue
So let it through
'Cause nothing matters anymore
You know I would have died for youMy pockets are broke
I got no platinum and gold
The police got the power so I've run out of hope
My profit is so sweet I'm paying for stones
If you don't understand
I hope you die on your ownCHORUS:

Just look around
There's not a sound
But when it hits you
You know that you and I are lost
Beyond the rescue
So let it through
'Cause nothing matters anymore
You know I would have died for you'Cause nothing matters anymore
You know I would have died for youDo you know, do you know
That I would have died
Do you know I would have died for you
