

Make Some Noise

The Dead Daisies

Everybody stand, get out of your chair
Let me hear you shout, put your hands in the airEverybody on the left everybody on the right
Don't hold back get crazy all nightMake some noise, Make it louder...
Make some noise, Everybody nowTurn it up louder, Wake up the dead
Scream like thunder bang your headStomp your feet, make it shake
Tear down the walls, shake it till it breaks
Make some noise, Make it louder
Make some noise, Let me hear itGetting that feeling getting it again
Don't wanna stop, never gonna endLet me hear a "hey"
Let me hear you yell
Come on everybody...
Right nowMake some noise, Make it louder...
Make some noise, Everybody now
Make some noise, Make it louder...
Make some noise, Everybody nowMake some noise, Make it louder...
Make some noise, Yeeeeeahhhhhh
